THE WASH EXPERIENCE

Splash n' Dash Car Wash is an express, exterior and interior*, conveyor-driven car wash, a state-of-the-art alternative to older full-service and self-serve car washes.

Within our wash tunnels, quality environmentally-friendly soaps and waxes are applied, and foam "mitts" gently scrub the dirt away. Softened spot-free rinse water allows our powerful blowers to remove excess water during the finish process.

*Interior services only available at Broadway location.
